

LED High Bay Light

GKD150W20

150W LED High Bay Light 22500 Lumen, 6000K

Uses Philips 2835 Luminaire, a highly efficient and reliable LED luminaire. Ideal to replace HPS 200W with surplus 10% brightness, with the benefits of lower carbon generation via reducing energy consumption, instant turn on time and almost zero maintenance.

Product data

Model	GKD150W20	Luminous Flux	22500Lumen
Power Factor	>0.9	Luminous Efficacy	150Lm/W
Ingress Protection	IP65	CCT	6000K
Impact Protection	IK10	CRI	RA>80
THD	<15%	Beam Angle	110°
Power Consumption	150W	Control Interface	Not Required
Voltage	AC220-240V 50/60Hz	Dimmable	No
Inrush Current	54A	Housing Material	Die-Cast Aluminium
Overall height	100mm	Optical Cover	Polycarbonate
Overall diameter	310mm	Net Weight	1.83Kg
Ambient Temperature	-20°C ~ 50°C	Max no of Lamp on	6
		16A MCB
